## POSITIONS

### Fellowships in Investment Research

Edelweiss Holdings offers both short- and long-term research fellowships based in Zürich, Switzerland to qualified candidates in the field of investment research and in support of the company's investment operations. An ideal candidate must have excellent analytical and quantitative skills, a passion for learning, an interest in industry and commerce, strong communication skills, initiative and the ability to function independently. A candidate should have EU/EFTA citizenship and be fluent in English plus at least one major European language. Fellowships are open to candidates from any academic field. Those with a background in engineering, mathematics or natural science are especially encouraged to apply. Edelweiss offers a challenging work environment, mentoring and peer learning. Remuneration and benefits are competitive and will be determined on a case-by-case basis.

**Long-term Fellowships** are expected to last at least two years. Applications are considered at any time. **Summer Fellowships** start and end at mutually agreeable dates during the summer months and applications will be considered on a rolling basis until 31 March of each year. To apply, a prospective applicant is invited to send a detailed CV and a pertinent letter/essay describing his/her motivation.
